# Phantom Pholks

**Danny Phantom** is a half-kid, half-ghost superhero phenom, thanks to his dad's ghost-hunting experiment that went wrong. Now Danny uses his superpowers to battle armies of hair-raising ghosts in his hometown, Amity Park. Here's a guide to the stars of **Danny Phantom**.

Danny Fenton

Tucker Foley

Sam Manson

Jazz Fenton

Jack Fenton

Maddie Fenton

## WHAT'S HIS/HER DEAL?

Danny is funny, but shy and unpopular at school. He uses his quick wit and powers—like walking through walls and becoming invisible—to fight ghosts and bullies.

As Danny's best friend, Tucker cheers Danny up when he's in a jam. He's a techno geek and a loyal friend who is always ready for action.

Danny's friend Sam is independent and tough. While she was immediately drawn to Danny's optimistic personality, it took a little longer for Tucker to grow on her.

Jazz is 16 going on 25. She is protective of her brother, Danny, and she thinks her parents are a little too gung ho about the whole ghost-hunting thing.

A brilliant but bumbling scientist, Danny's dad invents gadgets to sniff out and capture ghosts, but they never seem to work.

Danny's mom is a well-respected and well-paid scientist. While she fights ghosts with Jack, she's famous for some of the inventions she has come up with.

## LIKES?

Having his friends, Tucker and Sam, help him fight off phantoms

Exploring the ghost world and programming his PDA

Stuff that's out of the ordinary. For now, her interests include *anime*, punk, and sci-fi.

Giving advice to family and friends

That he can spend his days experimenting with ways to hunt ghosts

Inventing gadgets that actually work

## DISLIKES?

That he's not able to tell his parents that he's part ghost

When Danny takes Sam's side over his

That ghosts can be just as annoying—or more so—than humans

That no one ever takes her advice

That he hasn't captured any yet

That her ghost-hunting adventures might be having negative effects on Jazz and Danny

# Boo's Clues

Call Danny—this puzzle is haunted! The answer to each clue contains the word *boo*, which is represented by a ghost. The 10 sets of blanks are waiting to be filled in—you have to figure out which one matches which clue. We solved the first one for you. See if you can do the rest without making any boo-boos.

# VOICES FROM BEYOND

The actors who voice the characters on *Danny Phantom* stepped out of the Ghost Zone long enough to answer our unearthly questions.

## DANNY FENTON, aka Danny Phantom

David Kaufman

### How are you different from Danny?

I'm fully one-hundred-percent alive. *[laughs]* When I was young, I probably had a little more confidence than Danny.

### Do you believe in ghosts?

One of my favorite things to do as a kid was to have séances with my friends. It would drive my mom crazy because we'd gather up all the candles in the house. We would hold hands and swear that we saw something move or heard a noise.

## JACK FENTON

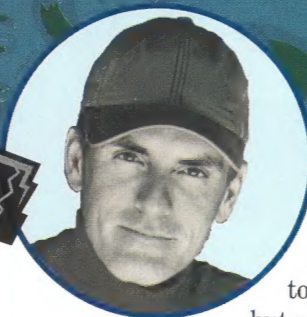

Rob Paulsen

### Are you as clueless as Jack?

I think I'm smart enough to know how smart I'm not, but one of the reasons Jack is so happy and positive all the time is that he has no idea how stupid he can be. *[laughs]*

### Do you carry a thermos around in case you need to catch ghosts?

I do, but unfortunately, it's only filled with Starbucks Colombian coffee. But at a moment's notice, I'm ready to dump the coffee and fill it with ghosts. I just haven't found any yet.

## MADDIE FENTON

Kath Soucie

### What do you think of Maddie?

She's really there to point out her knuckleheaded husband's knuckleheadedness. *[laughs]* I can't imagine myself being married to Jack. He isn't very bright—at least, not in any way that you can immediately see.

### Do you believe in ghosts?

I'm a little bit of a gotta-see-it-to-believe-it person. Let me tell you, I don't necessarily *want* to see one.

## TUCKER FOLEY

Rickey D'shon Collins

### Are you as into gadgets as Tucker?

I'm not really a gadget person. I'm old-fashioned.

### What Danny Phantom power would you most like to have?

Everyone wants to fly, but I'm not big on flying because teleporting is a lot better than flying. But he doesn't teleport, so I'd have to say the whole intangible thing. I want to walk through walls. Doors are so '90s!

## SAM MANSON

Grey DeLisle

### How are you different from Sam?

Well, I'm more upfront with people I like. We all know Sam loves Danny. I just wish she'd say something about it!

### Other than Danny, who is your favorite superhero?

When I was little, I had Wonder Woman Underoos. I used to go swimming in them and pretend that I was Wonder Woman. I liked to kick butt in my Underoos.

## JAZZ FENTON

Colleen O'Shaughnessey

### How are you like Jazz?

She's really sarcastic and so am I. Like her, I was in the "smart" crowd in school. I don't think I was as bossy as she is, though.

### What Danny Phantom power would you most like to have?

I wouldn't mind being able to take over people's bodies—make them do stuff that I want them to do. *[laughs]*

# THE WEEKLY Haunter

AUGUST 13, 2005 — YOUR GUIDE TO GHOST ZONE GOSSIP — SIXTH CENTS

## SWAMP FEVER

**Box Ghost and Lunch Lady—  
MUCKING AROUND**

The rumors are true, guys and ghouls! You've heard the buzz about their secret Halloween cemetery date and their meaty meal at the Cadaver Café, but today we have absolute proof that this gruesome twosome is a creepy couple. Our very own Phantom Photographer snapped this photo of Boxy and LL having a repulsive rendezvous at Mucky-Goop Swamp. Is that an engagement ring box that Boxy is presenting? Looks like he spared no expense! The scare pair may not have gone public yet, but we here at the *Haunter* wish them a long and ghastly afterlife together!

### GHOULS ON THE STREET

What did you do on your last trip to the mortal world?

#### Mona K., Fire Fighter:

"I took over a kid's body and made him pick his nose in public for 24 hours. Funny stuff."

**Garry F. Jr., Postal Inspector:** "I don't go there. Too scary. Those humans creep me out."

#### Lisa Q., Spook Broker:

"I went over to Amity Park Pizza. You can't get a good slice in the Zone."

**Bob Z., Ghoul Teacher:** "Scared people. Duh."

## HALF-GHOST OR WHOLE HOAX?

**CAPTURED ON FILM!**  
Is this the legendary half-ghost—  
or just a gross sandwich?

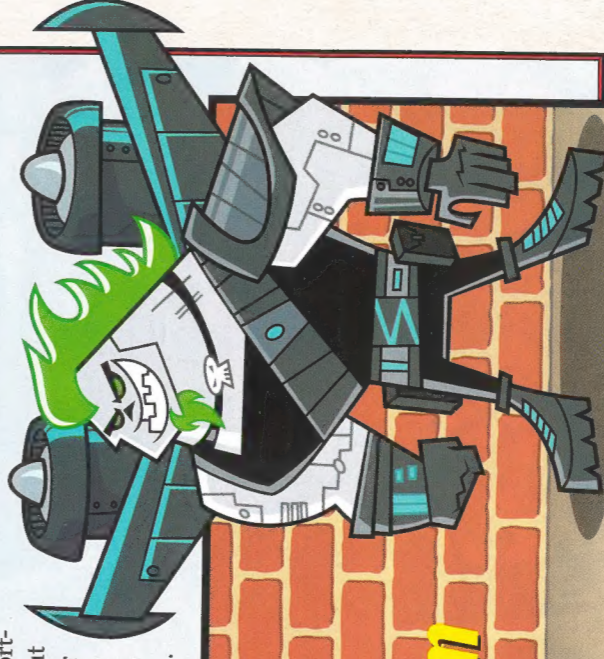

For months, horrific tales of a so-called "half-ghost" have been whispered about our Zone. A half-ghost, for those of you who just died yesterday, is a mythical creature that's half ghost and half human. That sounds impossible—but Peg-Legged Joe, aka The Limping Ghost, snapped this incredible photo in his own backyard. "I wuz out back, eatin' my worm 'n' beetle sandwich that my wife, Half-Face Bertha, made me," says Peg-Leg, "when this thing-a-whatzit swooped right over my head!" Joe grabbed his camera just in time. "Bertha saw it, too, and she couldn't believe her eye." But skeptics claim the pic is a hoax. "This is clearly a shot of a sandwich being tossed in the air at a fast speed," says Dr. Ichi Rhasch, ghost scientist. "You can even see a slice of pickle, if you look closely enough." Readers, we'll leave the final decision to you!

## FASHION FIENDS

by Carson Kreeply

That's just so last century. Skulker finished the event by swearing he would wear my hide if I didn't stop critiquing him. Talk about a fashion statement!

That hunter-about-the-Zone, Skulker, set the tone for this season's ghostly fashions when he made a spooktacular appearance at last week's Poltergeist Pride Parade. Not only was he sporting his trademark black leather, but he accessorized with a smart pair of wings (with explosive devices attached). If we have one bone to pick, it's about his fiery soul patch.

### Most Eligible Phantasm

## ASTRAL ARRIVALS

The Weekly *Haunter* welcomes the following newcomers to the Ghost Zone.

**Buddy Partze** comes to us after trying to jump rope atop an in-flight helicopter. When asked how he feels about his new home, Buddy says, "I've gone all to pieces."

**Shore T. McManus** enters the Zone after getting stomped by a runaway elephant. He was crushed to learn that he'll be residing in Ghostly Flats.

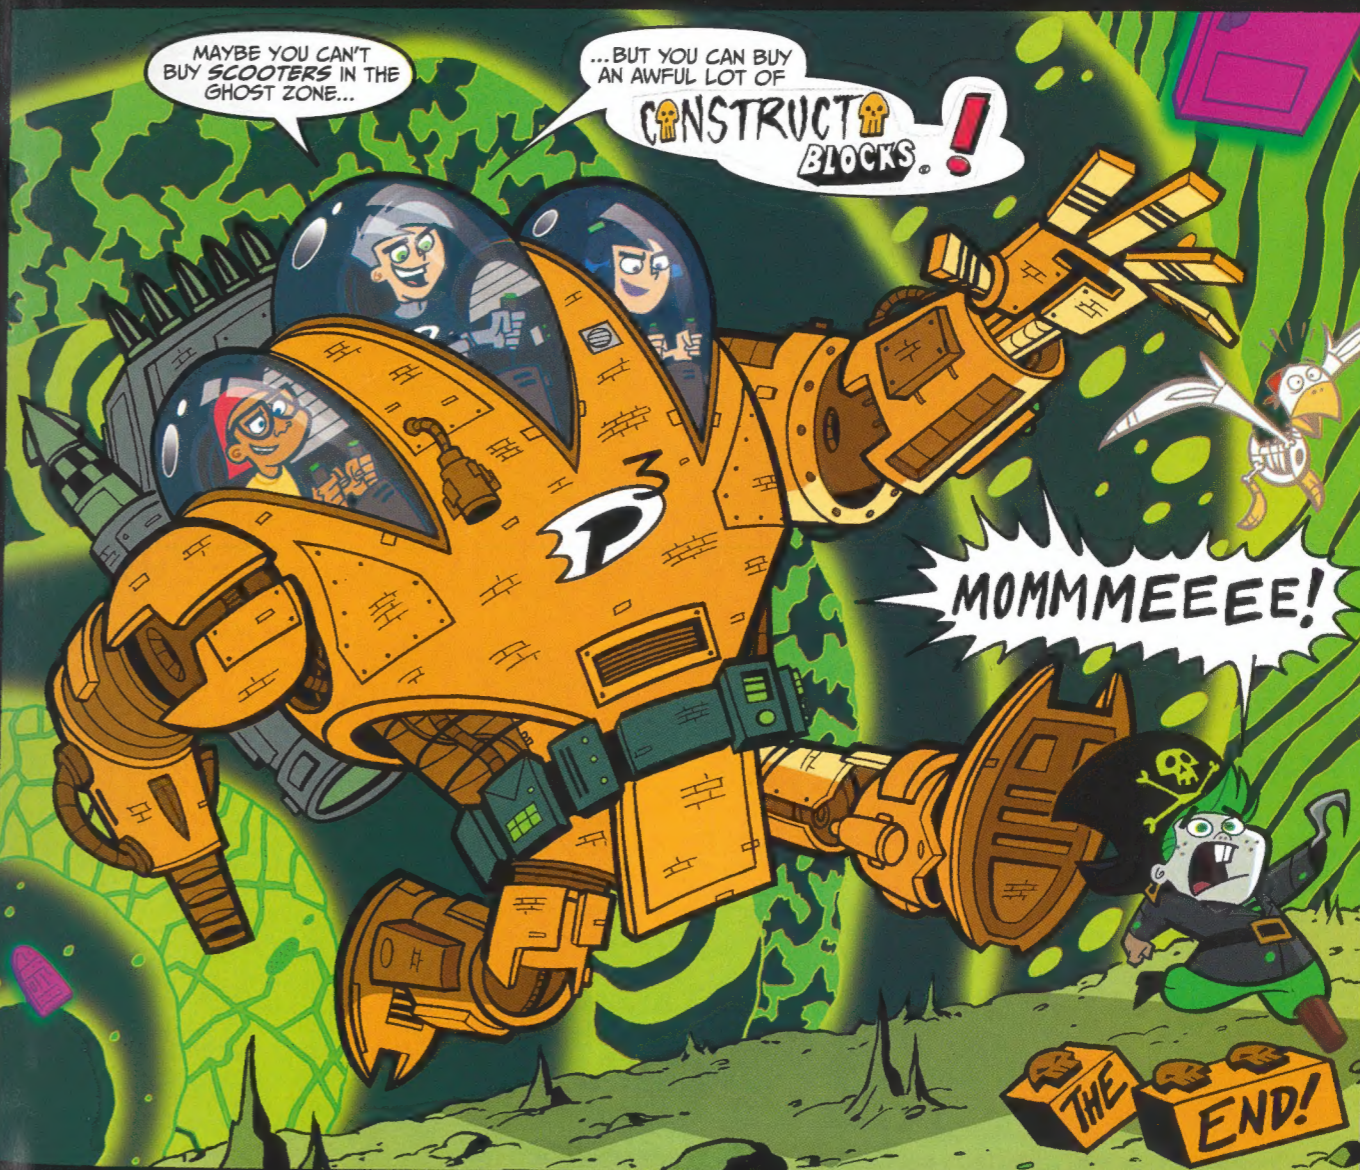

**Imelta Quik** joins our community after attempting to surf across the lava flow of an erupting volcano. Apparently, she forgot to bring her board.

# AMERICA'S GHOST WANTED

Danny Phantom has made a lot of enemies in his young career as a superhero. Here's the scoop on some of his most fiendish, freakish, and foolish foes. Each villain is rated from 1 to 10 on the Menace-o-meter—with 1 being the weakest and 10 the strongest.

## BOX GHOST

This dim-witted ghoul is never a true threat, but he is a constant pain in Danny's neck.  
**Power Points:** The "master of all things cardboard and square"—in other words, he controls boxes.  
**Weak Spots:** Really, really dopey. And he controls...boxes.

Menace-o-meter: 1

*I am the Box Ghost! Beware!*

## LUNCH LADY

A fearsome defender of meat-only lunch menus, the cholesterol-loving Lunch Lady seeks vengeance on anyone who tries to replace hamburger with tofu.  
**Power Points:** Control over everything in the school kitchen: dishes, stoves, and especially meat. Can turn into a giant beef monster.  
**Weak Spots:** Isn't much of an evil schemer—she just can't stand when people mess with her menu.

Menace-o-meter: 2

*Dine on my fury!*

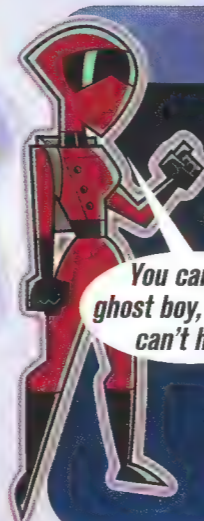

## VALERIE GREY

One of Danny's classmates at Casper High, Valerie became a ghost hunter because she blamed ghosts, particularly Danny, for ruining her life. Tucker has a crush on her.

**Power Points:** Uses multiple ghost-fighting weapons, which are supplied by her unknown benefactor—Vlad Plasmius!

**Weak Spots:** Completely human—and basically, just a mixed-up kid.

Menace-o-meter: 3

*You can run, ghost boy, but you can't hide!*

## WALKER

Walker is the by-the-book sheriff of the Ghost Zone. When someone breaks one of his precious rules—no matter how minor—he shows no mercy. That's how Danny ended up as "Public Enemy Number One."

**Power Points:** Tough as nails and relentless. Has plenty of lackeys to do his bidding.

**Weak Spots:** When a sheriff is this nasty, good guys and bad guys will put aside their differences and work together against him.

Menace-o-meter: 4

*Name's Walker, son. Know it, fear it, obey it.*

## DESIREE

A ghost with genie-like powers, Desiree can fulfill any wish that is spoken aloud. As you might expect with an evil ghost, the wishes never turn out well.

**Power Points:** Grants wishes and grows stronger with every wish she fulfills.

**Weak Spots:** Has to rely on somebody to make a wish before she can work her malevolent magic.

Menace-o-meter: 6

*So you wished it, so shall it be!*

## PENELOPE SPECTRA

Posing as a human, Penelope worked as a counselor at Casper High in order to feed off the students' misery and insecurity.

**Power Points:** Can assume a powerful ghost form. Her loyal assistant, Bertrand, is a ghostly shape-shifter.

**Weak Spots:** Needs unhappiness to maintain her youth. Without it, she turns old and weak.

Menace-o-meter: 7

*Teen misery is the nectar that keeps me looking fabulous.*

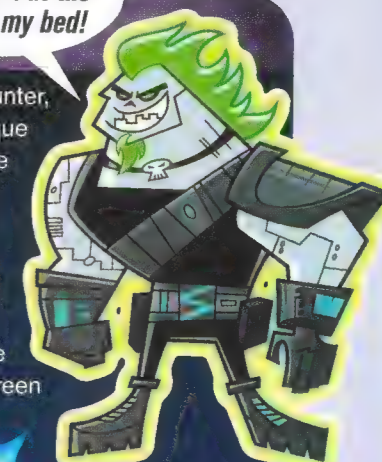

## SKULKER

The Ghost Zone's greatest hunter, Skulker pursues rare and unique prey. He would love to add the half-human, half-ghost Danny Phantom to his collection.

**Power Points:** Skilled tracker and fighter. Wears a suit of hi-tech battle armor.

**Weak Spots:** Underneath the armor, he's just a puny, little green blob of a ghost.

Menace-o-meter: 8

*I will rest your pelt at the foot of my bed!*

## NICOLAI TECHNUS

Technus is the self-proclaimed "master of all things electronic and beeping." Naturally, he wants to use his scientific genius to take over the world.

**Power Points:** Actually is a genius and can control nearly all kinds of technology.

**Weak Spots:** Makes long-winded speeches about his evil plans and uses painfully outdated slang, like "far out" and "groovy."

Menace-o-meter: 9

*I, Technus, am totally frying your bacon.*

## EMBER

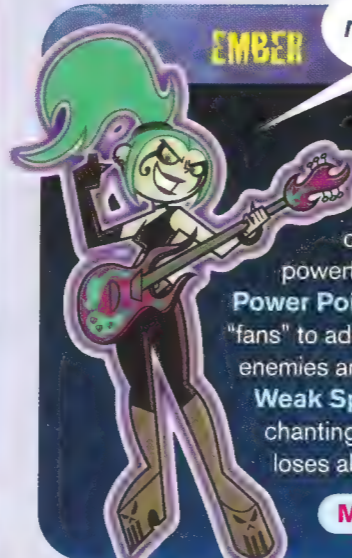

*You will remember my name!*

Ember is a hard-rocking ghost who demands teenage idol worship. The more a crowd chants her name, the more powerful she gets.

**Power Points:** Her songs compel her "fans" to adore her. Her guitar can blast enemies and cast spells.

**Weak Spots:** When kids stop chanting "Ember," this egomaniac loses all her juice.

Menace-o-meter: 5

## VLAD PLASMIUS

Danny's greatest nemesis, Vlad is also a half-human, half-ghost hybrid. He was a college friend of Danny's parents until Jack caused a lab accident that ruined Vlad's social life—and gave him his powers. Now he seeks to destroy Jack and win over Maddie, whom he secretly loves.

**Power Points:** Has all of Danny's abilities and 20 more years of experience using them. As Vlad Masters (his human identity), he's a world-famous billionaire.

**Weak Spots:** Arrogance, an obsession with the Green Bay Packers, and a tendency to underestimate Danny.

Menace-o-meter: 10

*Must I actually defeat you with one hand behind my back?*

# GHOULISH GAGS

In the spirit (no pun intended) of Danny Phantom, we proudly present these fiendish funnies, courtesy of nightmarish Nick Mag.

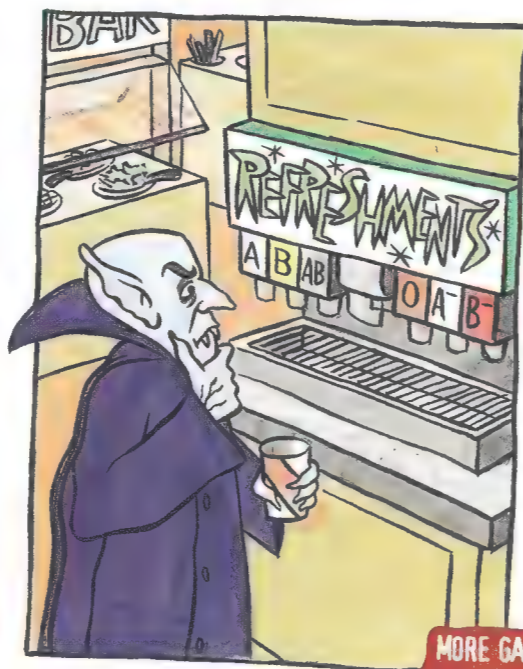

THE GHOST OF CHRISTMAS PRESENT

"GOOD-NIGHT, SON. REMEMBER, THERE'S NOTHING TO BE SCARED OF...YET."

"Igor, you numbskull! That's not what I asked for!"

# SNACK ATTACK

by Frank Pittarese

Jack Fenton, fuzzy-headed ghost hunter that he is, doesn't remember all the details of this early "adventure." Ask a friend or family member to supply the missing words. Then read Jack's story aloud—and be grateful that Danny does most of the ghost fighting in the Fenton family.

I was just a(n) \_\_\_\_\_ teenager, full of foolish hopes and dreams, out on a picnic with my girl, Maddie. She brought fried \_\_\_\_\_ sandwiches, and I had a single bag of \_\_\_\_\_, packed in my \_\_\_\_\_ lunch box.

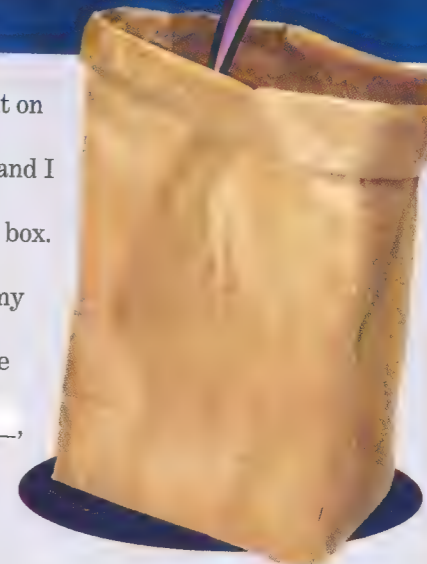

After talking and \_\_\_\_\_ for a while, we decided to open—and, to my disappointment, share—my snack. Without warning, there came a voice from the bag. "The Snack Ghost, I am! My \_\_\_\_\_ taste, beware! \_\_\_\_\_, I shall conquer!"

The bag was haunted!

Suddenly, the Snack Ghost emerged from the bag. It looked like \_\_\_\_\_ and smelled like \_\_\_\_\_. And worse, its grammar was terrible! "Trapped since \_\_\_\_\_, I was! So *thirsty*, I am!" The ghost grew to the size of \_\_\_\_\_ and began to form thousands of \_\_\_\_\_!

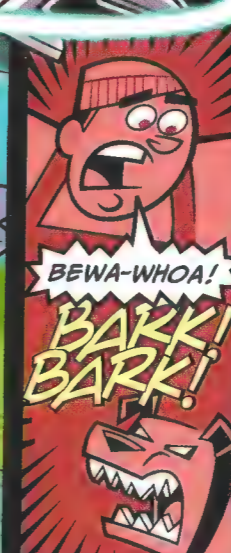

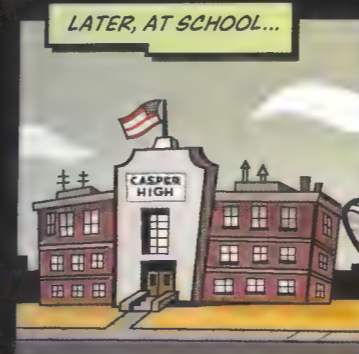

I had one chance. I grabbed my thermos, which was full of \_\_\_\_\_, and said, "There's plenty to drink here, you \_\_\_\_\_ fiend!" Instantly, the ghost shrank down to the size of \_\_\_\_\_ and dove into my thermos. Quick as a(n) \_\_\_\_\_, I covered the thermos, trapping the \_\_\_\_\_ spirit inside. Maddie said, "Jack, you're even smarter than \_\_\_\_\_!"

Maddie now claims that all this never happened and that I just had indigestion from eating some bad \_\_\_\_\_. Nevertheless, I beg you to be careful around \_\_\_\_\_. The Snack Ghost may return!

# DANNY PHANTOM

When his father's experimental portal to the Ghost World malfunctioned, teenager Danny Fenton gained ghostly powers and a mission--to capture the ghosts who snuck into our world!

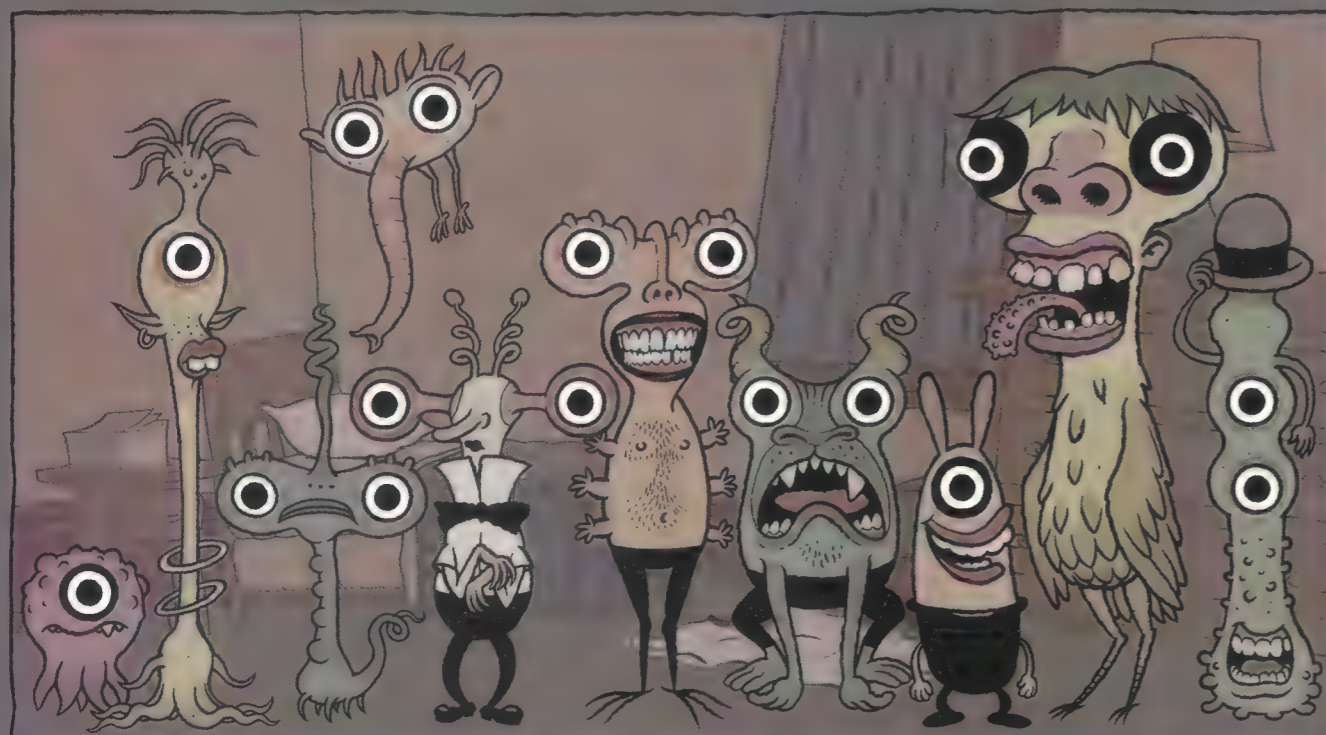

THE END

# Creepers' Peepers

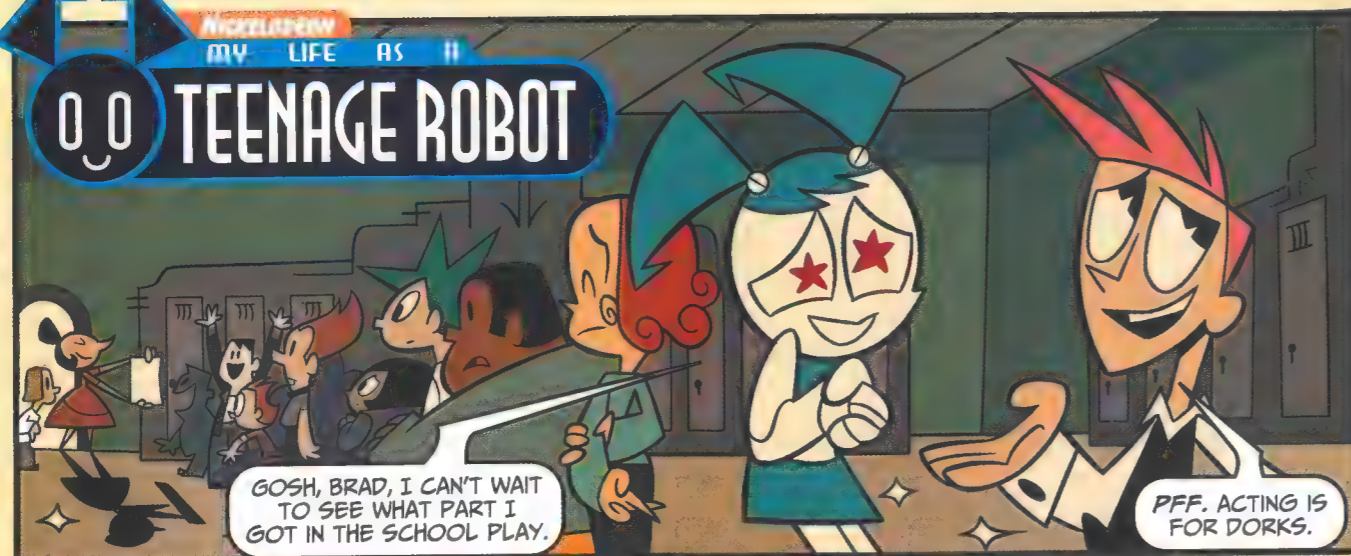

Illustration by Dave Cooper

The monsters who hang out in this bedroom turn invisible when the lights come on. They have rearranged themselves in the bottom picture, but you can still see their eyes. By examining each monster in the top picture, can you figure out who's standing where in the bottom picture? You'll find that there is an extra eye in the bottom image. Which monster does it belong to, and where was it hidden in the top picture? Answers on page 60. Note: It will help you to draw in the shapes of the monsters with a pencil.

## ANSWERS

**Boo's Clues (page 3):** 1-H (peek-a-boo), 2-C (booger), 3-J (boomerang), 4-A (bamboo), 5-I (caboose), 6-F (bootleg), 7-E (baboon), 8-G (toll-booth), 9-B (bookworm), 10-D (Puss in Boots).

**Creepers' Peepers (page 24):** The extra eye (circled in red) was hidden under the monster's hat.

**Curse of the Caff-Fiend! (pages 25-27):** The vampire is the Evil Corporate Lawyer. The lawyer's sun-

glasses (see page 25) are worn by a bat in the attic (on page 26) who is really the vampire. (He changed into a bat after ditching the lawyer costume.) Later, those same sunglasses can be seen tucked into the vampire's cummerbund (on page 27). While Sam investigated the top floor, the vampire and his two bat friends flew from the attic to the vamp's room.

Also, the lawyer and the vampire wear the same shoes. Finally, the lawyer does not cast a shadow on page 25. (The green goblin girl tells us on page 27 that vampires don't cast shadows.)

What does the vampire have to gain from turning the house into a coffee shop? Sam Shade notes that the place is isolated. If people came to the house for coffee, the vampire wouldn't have to travel as far for his "dinner."
